**Terms & Conditions:**

1. Eaton reserves the right to revise this quote due to clerical/system errors and/or review and acceptance of customer PO clauses.
2. Prices do not include any applicable taxes, tariffs or special fees.
3. Eaton will not be held responsible for schedule delinquencies caused by strikes, accidents, delays of carriers and other delays unavoidable or beyond our control.
4. Quote is subject to Eaton standard terms and conditions.

**Export Control:**

The material quoted herein or sold under a Contract/Purchase Order may be subject to the provisions of the International Traffic in Arms Regulations (ITAR), or the sanctions laws administered by the Office of Foreign Assets Control (OFAC). Buyer acknowledges that these statutes and regulations impose restrictions on import, export, and transfer to third countries of material and related technical data, and that licenses from the U.S. Department of State may be required before material or technical data can be transferred, and that such licenses may impose further restrictions on use and further transfer of material and technical data. Buyer will not knowingly export or re-export any of the material and technical data, directly or indirectly, controlled by U.S. Export Laws without license or other authority.

**Export License:**

1. Eaton's acceptance of Buyer's Contract/Purchase Order is contingent upon receipt of an export license/Agreement.
2. Buyer agrees to provide Eaton with a copy of the export license or Agreement authorizing the shipment of hardware quoted herein upon order placement. The export license or Agreement number should be stated in the Contract/Purchase Order.
3. If Buyer does not have an export license, Buyer agrees to provide Eaton an End-User Statement with the Purchase Order. Eaton will apply for an export license.
4. The quoted delivery does not include the time required to obtain an export license.
